

COMPANY PROFILE

360 Zolutions

ABOUT US

360 Zolutions is a company specialized in customized surface treatment solutions at competitive prices, granting high quality and a first-class service.

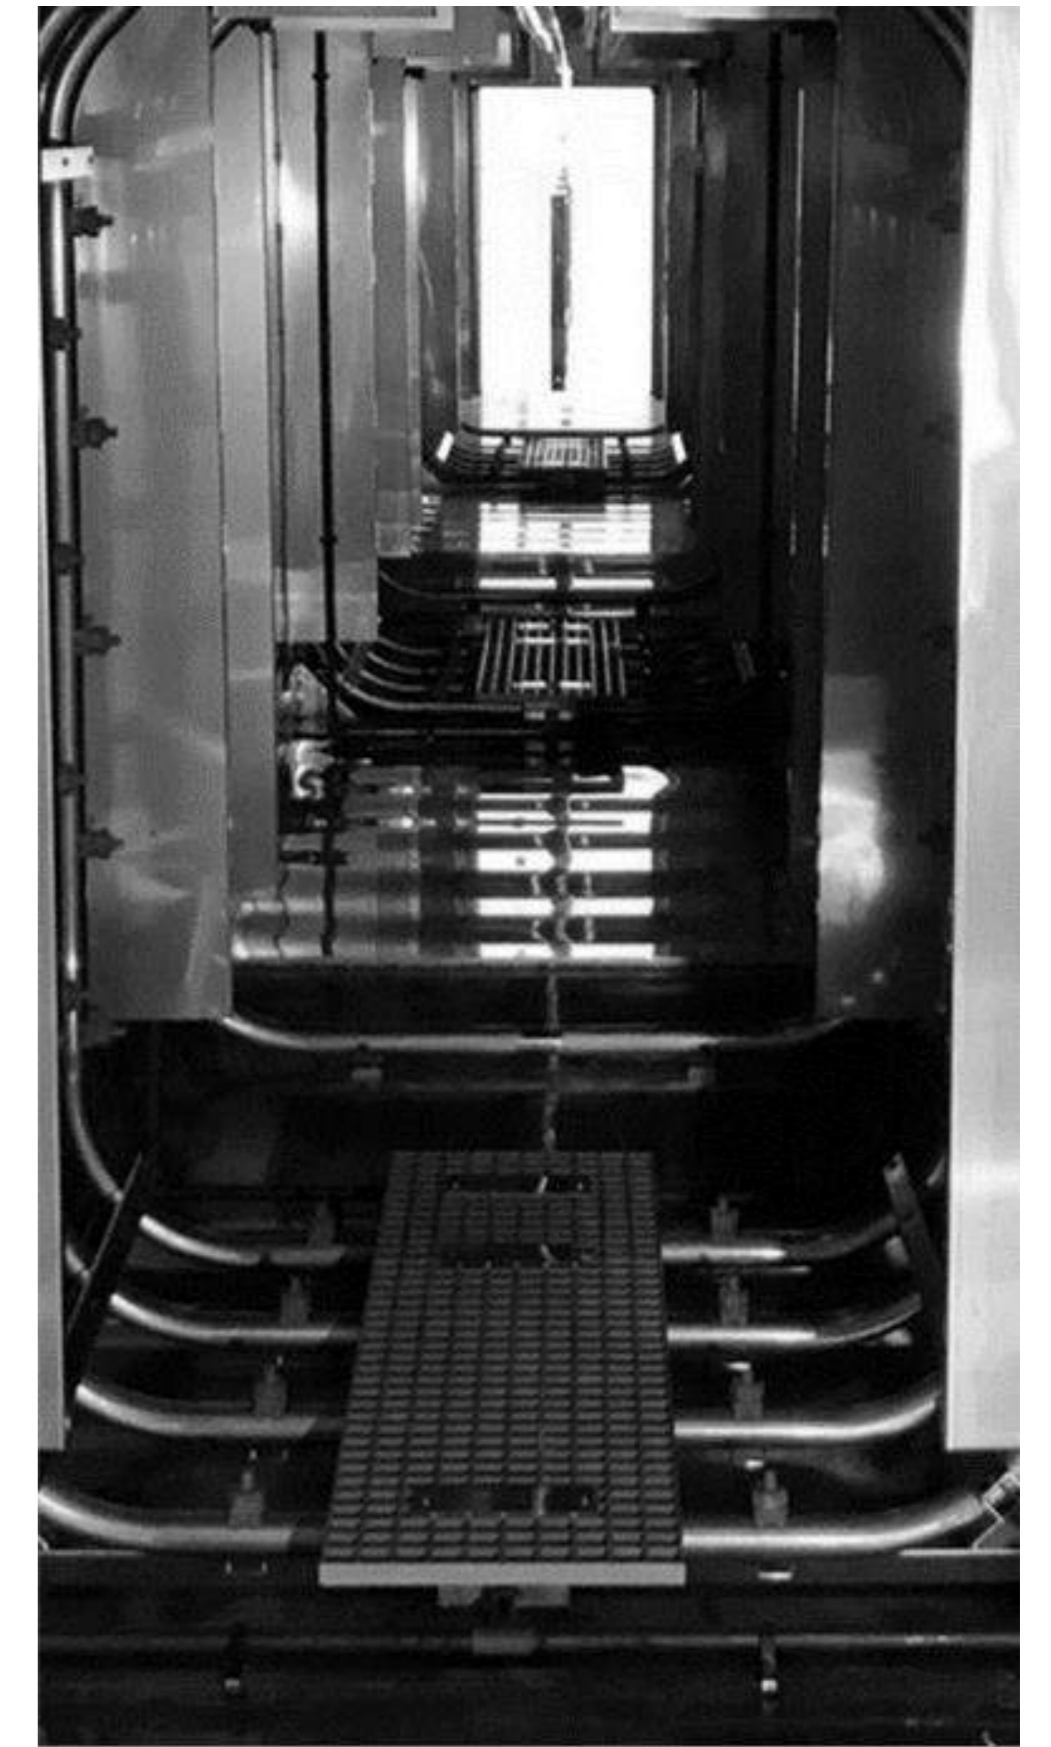

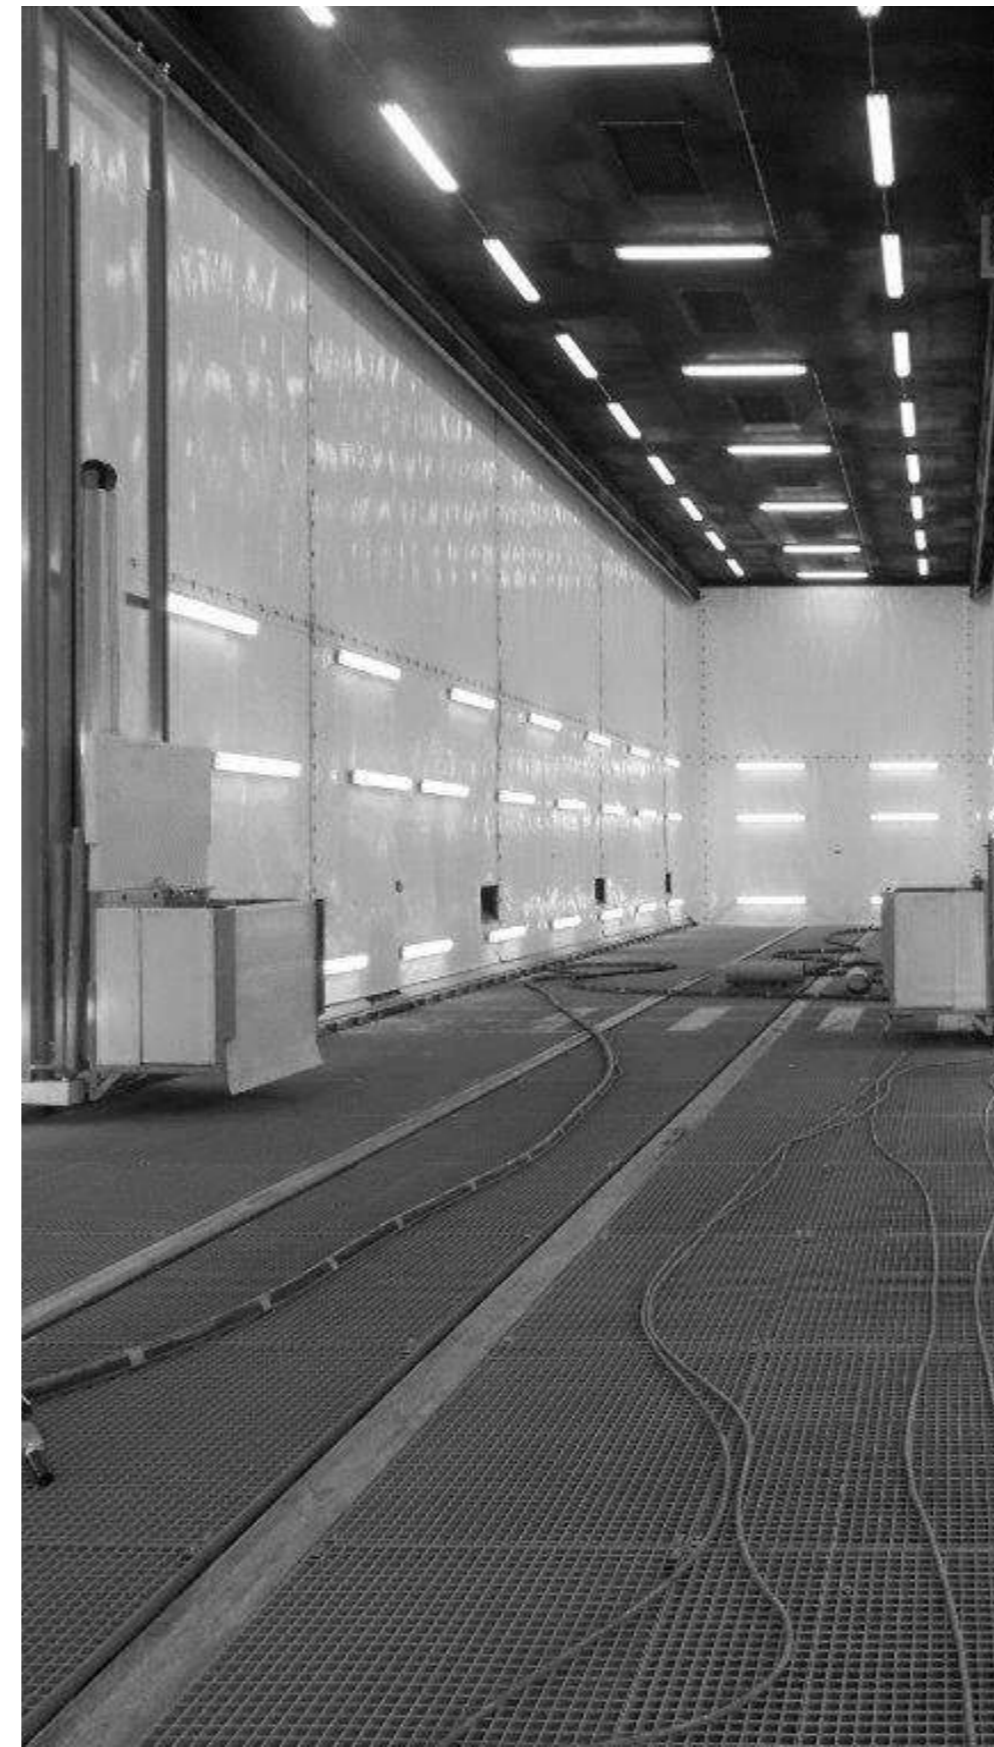

With more than 15 years of experience dedicated to the **analysis, design, manufacturing** and **implementation** of installations worldwide, we are able to develop tailor-made solutions covering a wide range of products from the simplest spray booth up to the most challenging and complex surface treatment project.

WHY 360 ZOLUTIONS

- Surface treatment solutions
 - Liquid Paint
 - Tailor made spray booth
 - Mobile booths
 - Powder coating lines
 - Pretreatment
 - Curing ovens
 - E-coat
 - Abrasive Blasting
 - Conveyor systems
- Customized maintenance plans to ensure equipment durability
- Spare parts

LIQUID

- Custom made installations
- Standard & high dimensions spray booths
- Preparation areas & mixing rooms
- Mobile solutions: skyTROTTER and paintTROTTER
- Infrared drying systems
- IR & UV dryers

POWDER COATING

- Spray pretreatment: Booth or tunnel
 - Immersion pretreatment
 - Stainless steel structures
 - Maximum quality insulations (rockwool, etc.)
 - Optimized resources (water recycling, waste control, etc.)
 - Custom made installations
- Powder coating booths with recovery systems
 - Optimised high temperature drying and curing ovens
 - Conveyor systems (continuous or P&F)
 - Processes robotization and automation (loading and unloading)
 - E-coat systems

BLASTING

- Abrasive blaster
- Blasting hand cabinets
- Customised blasting booths
- Dust collectors
- Transport options of abrasive media: silo, cleaner, bucket elevator, scraper floor transport, etc.
- Robotised installations & control system

OUR NUMBERS

15+

Years of experience

14_k

Projects in cooperation
with our Partners

20+

Countries

CUSTOMIZED ZOLUTIONS

Total flexibility and adaptation to customer's needs. High modularity.

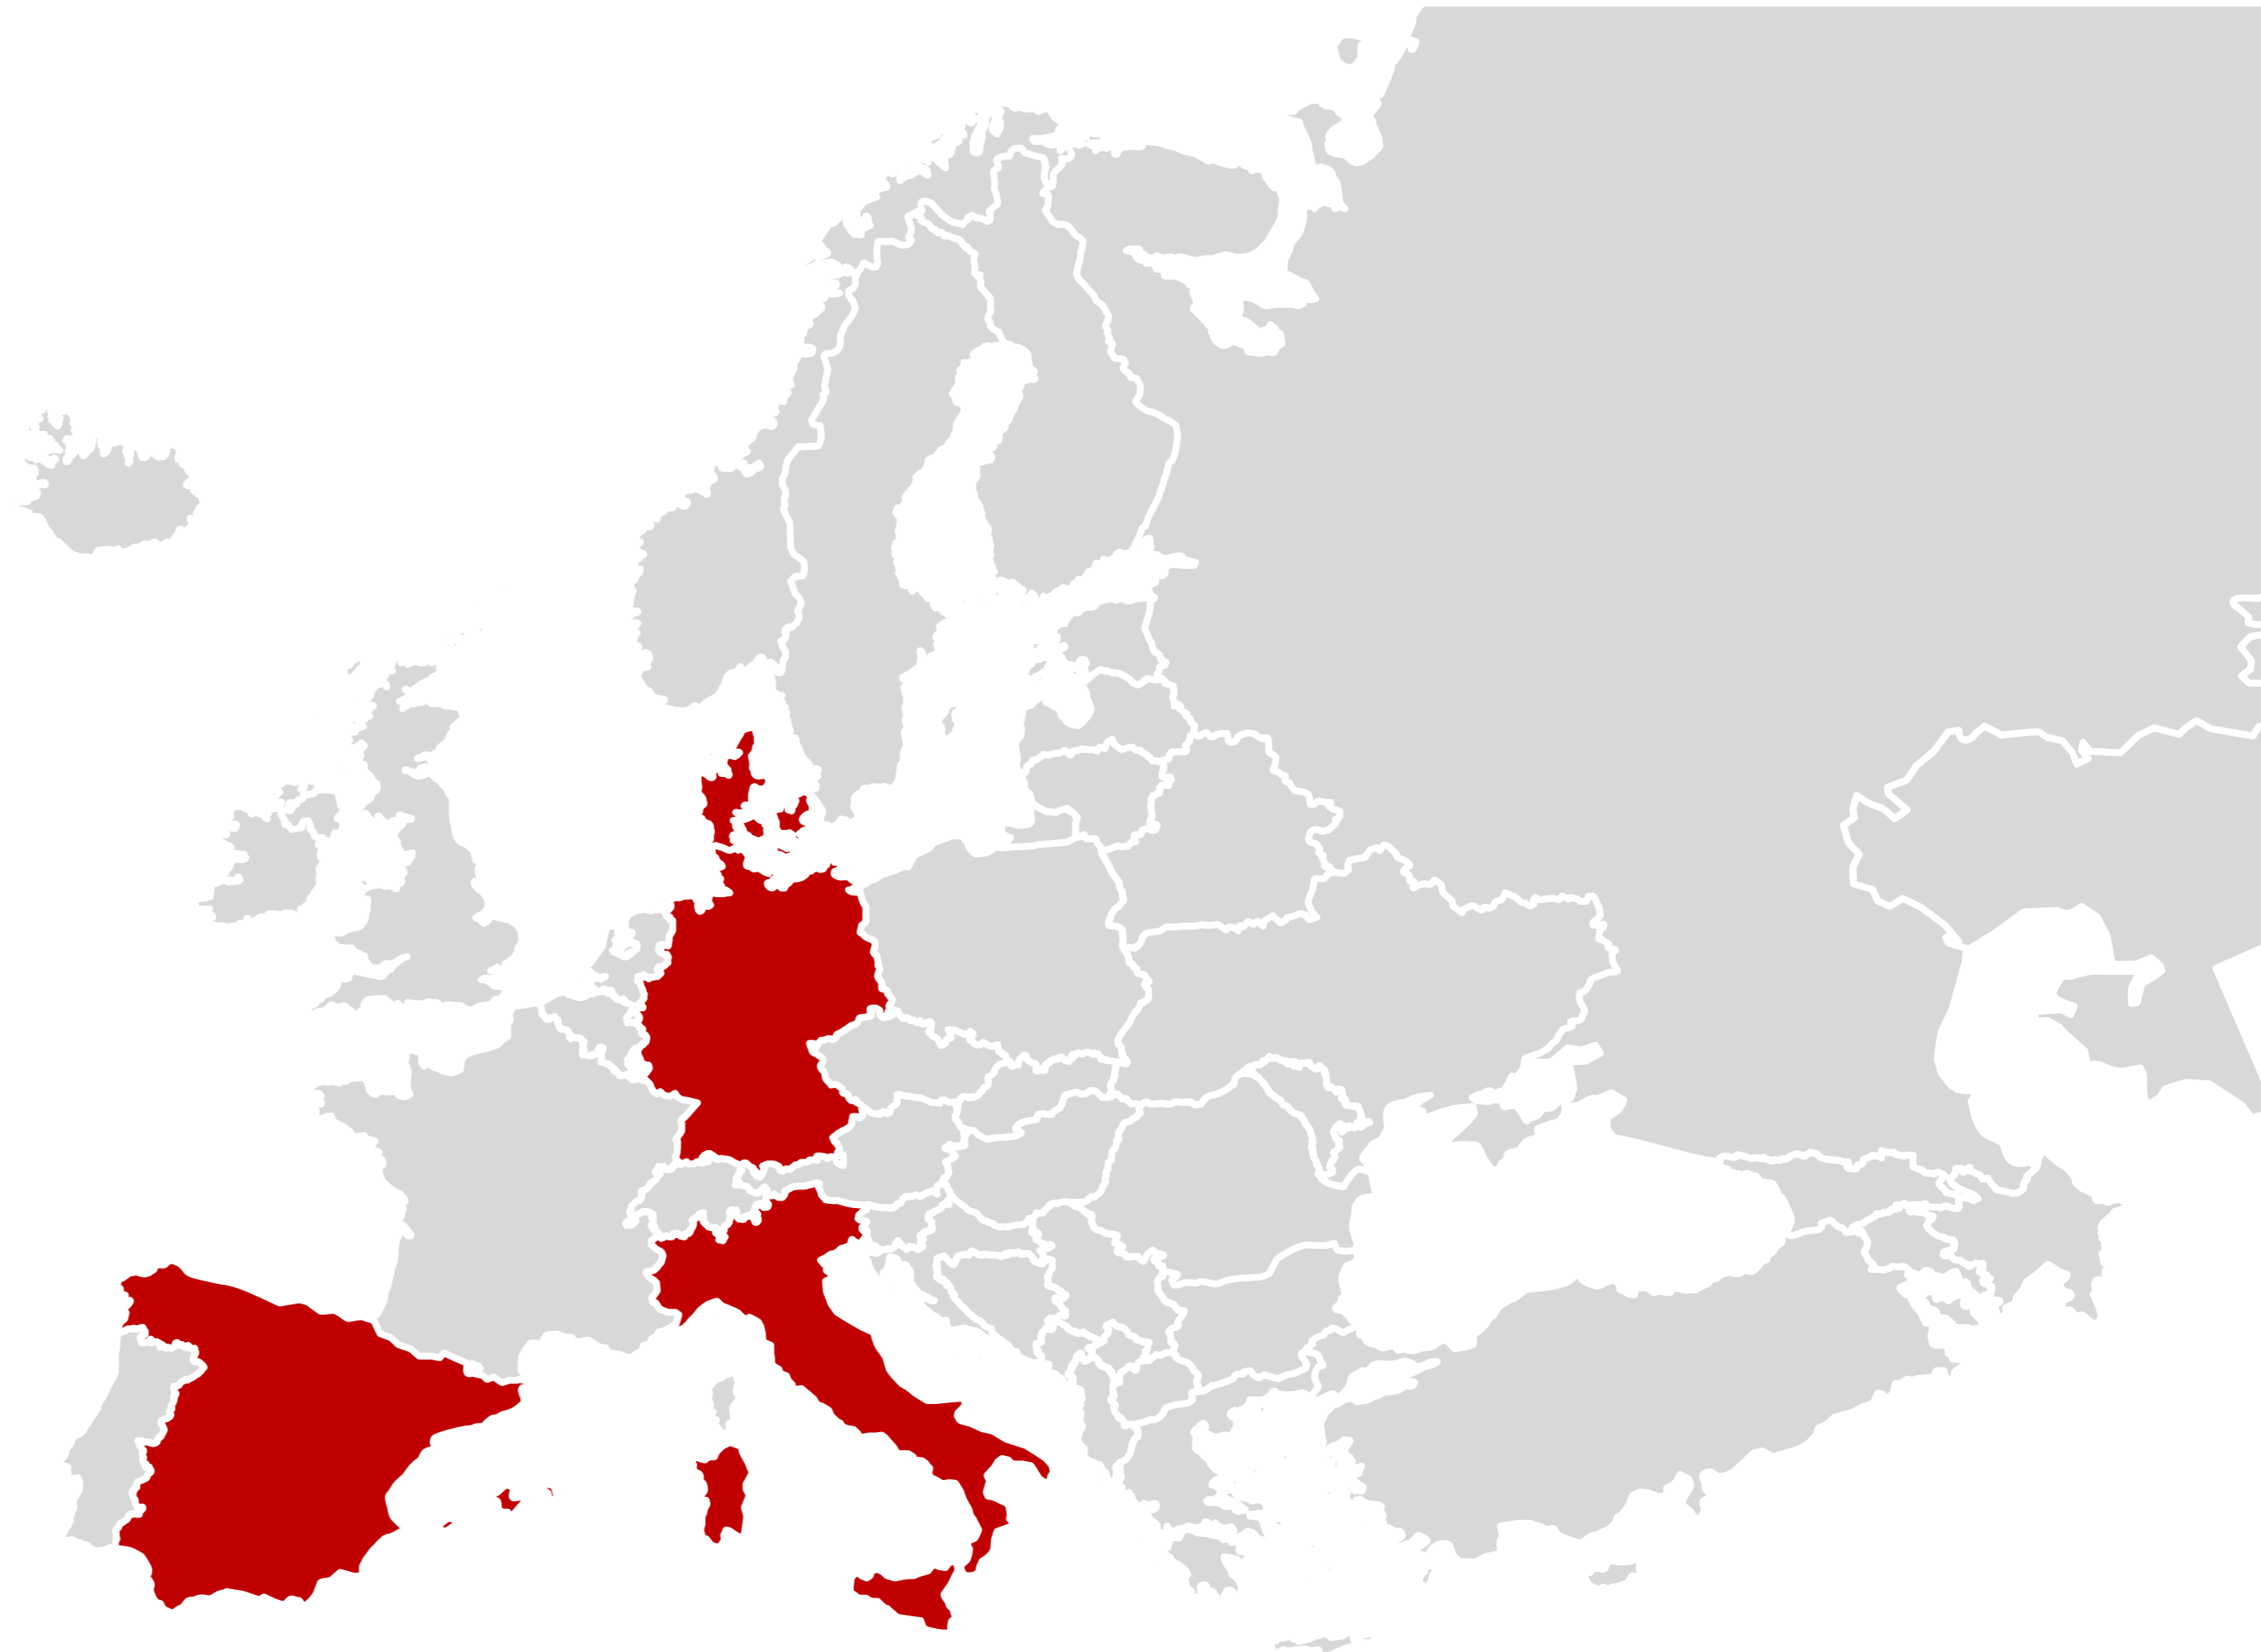

EU PRODUCTION

Manufacturing process in EU countries (Spain, Germany, Denmark, Italy, etc.).

We work with the best EU providers in order to keep high quality standards of our equipment.

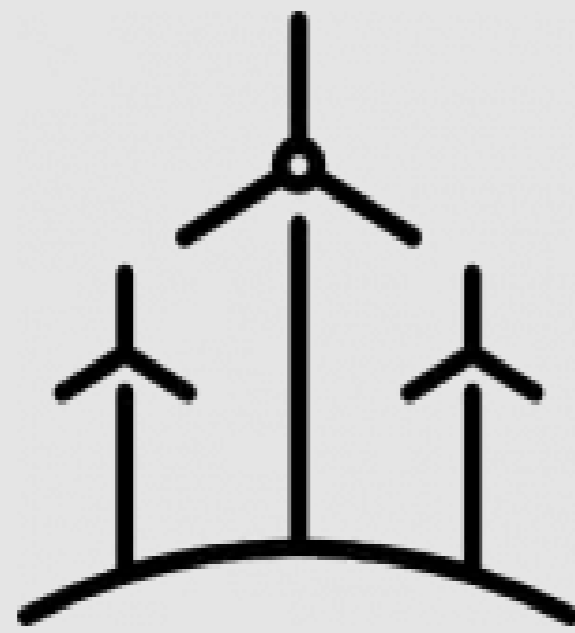

Our manufacturing process is traceable and accomplished 100% within the EU.

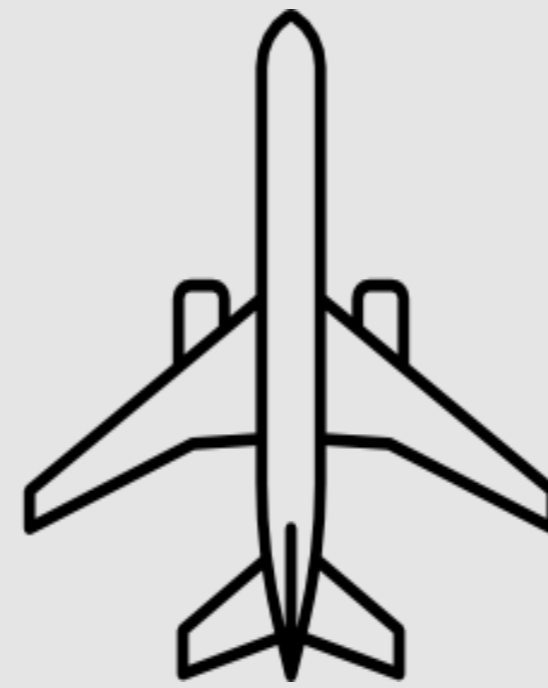

SECTORS

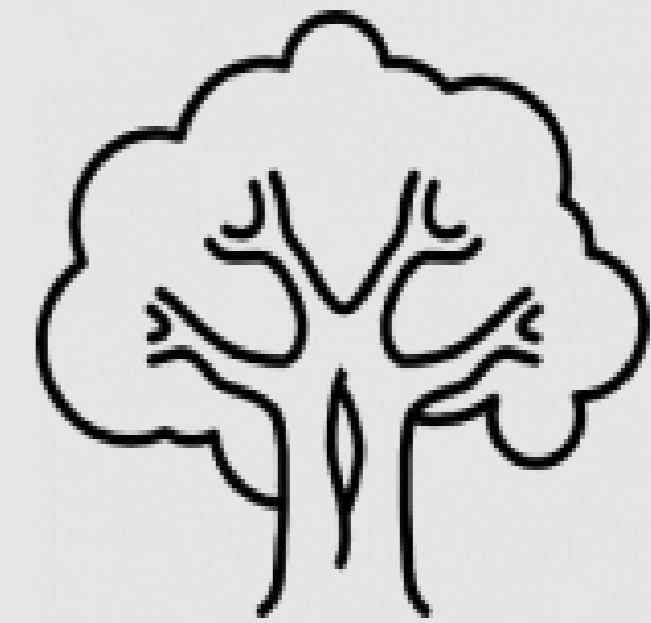

Auto, Wood, Industry, Aeronautical, Wind Energy, Railway.

Wind Energy

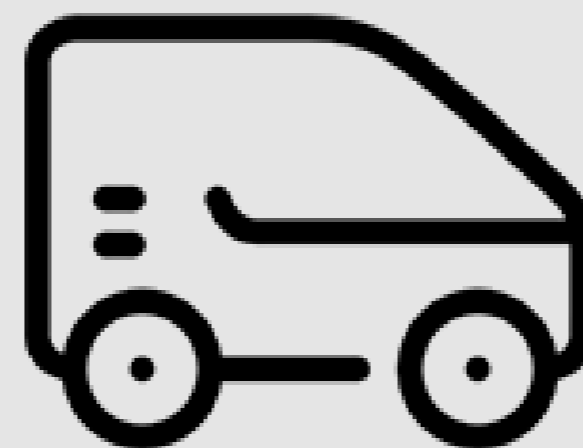

Aeronautical

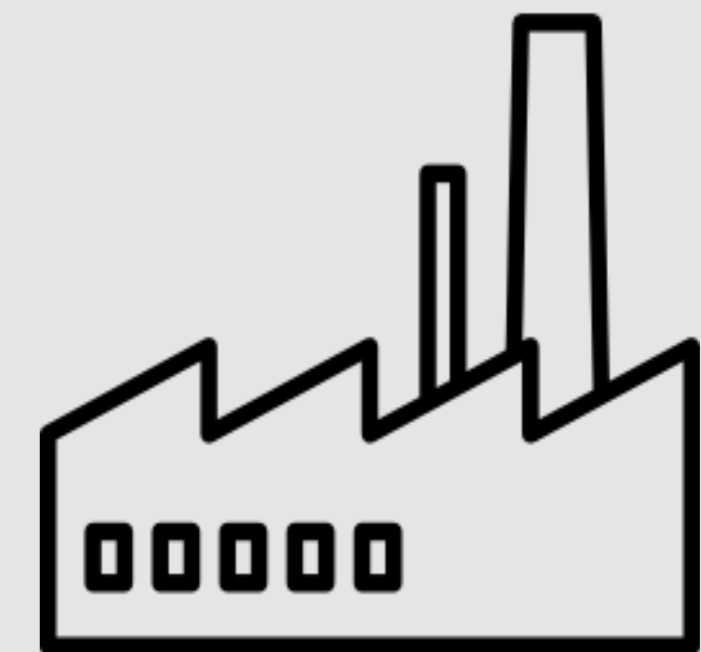

Wood Refinish

Railway

Automotive

General Industry

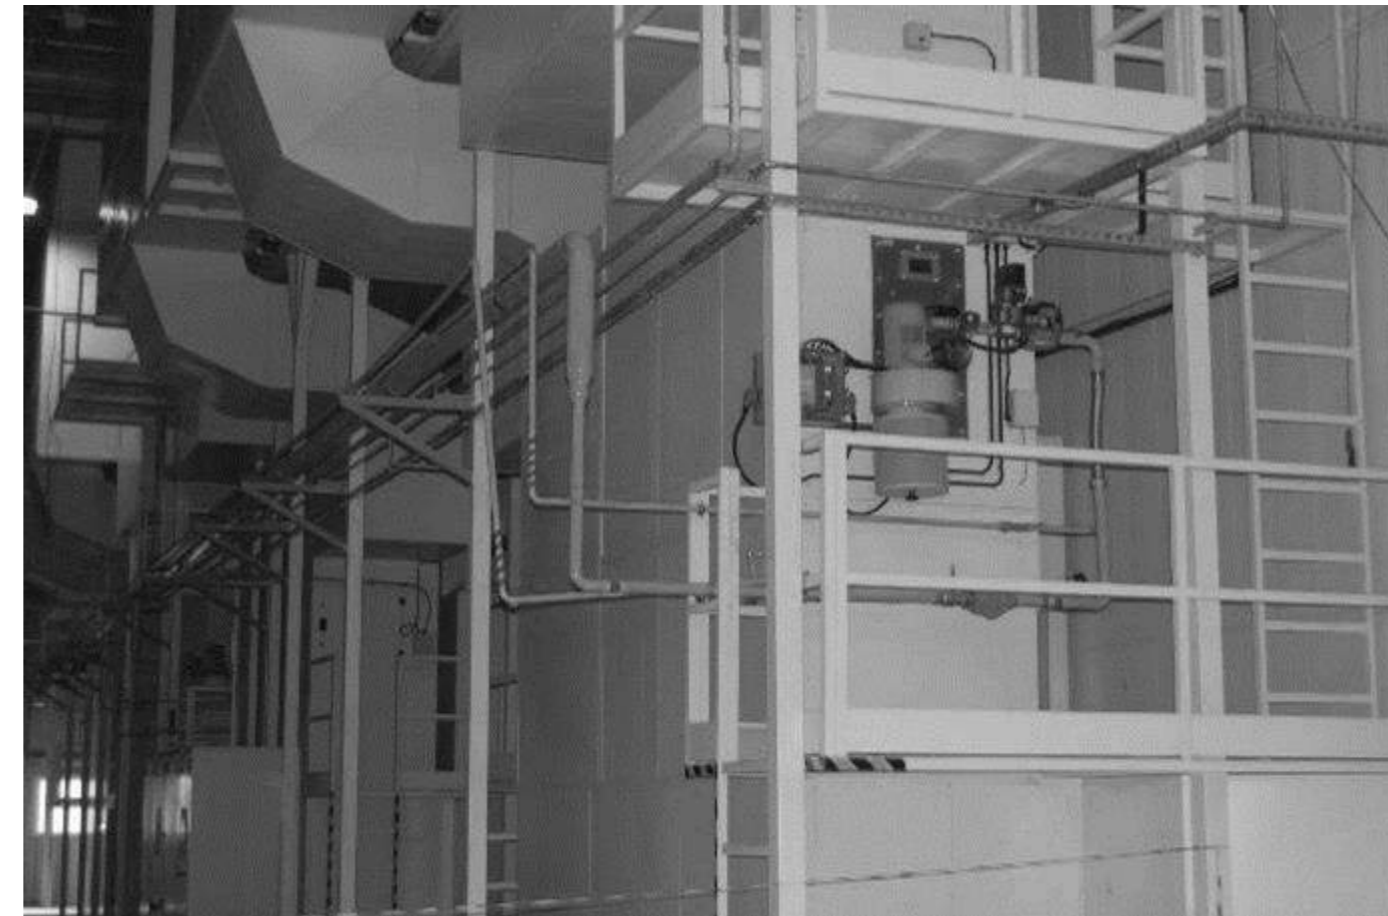

ENVIRONMENT PROTECTION

Minimum impact to environment. Insulation of the booth, direct flame burner, heat recovery configuration, recycling system.

BOOTH INSULATION

Let the heat and noises stay inside the booth.

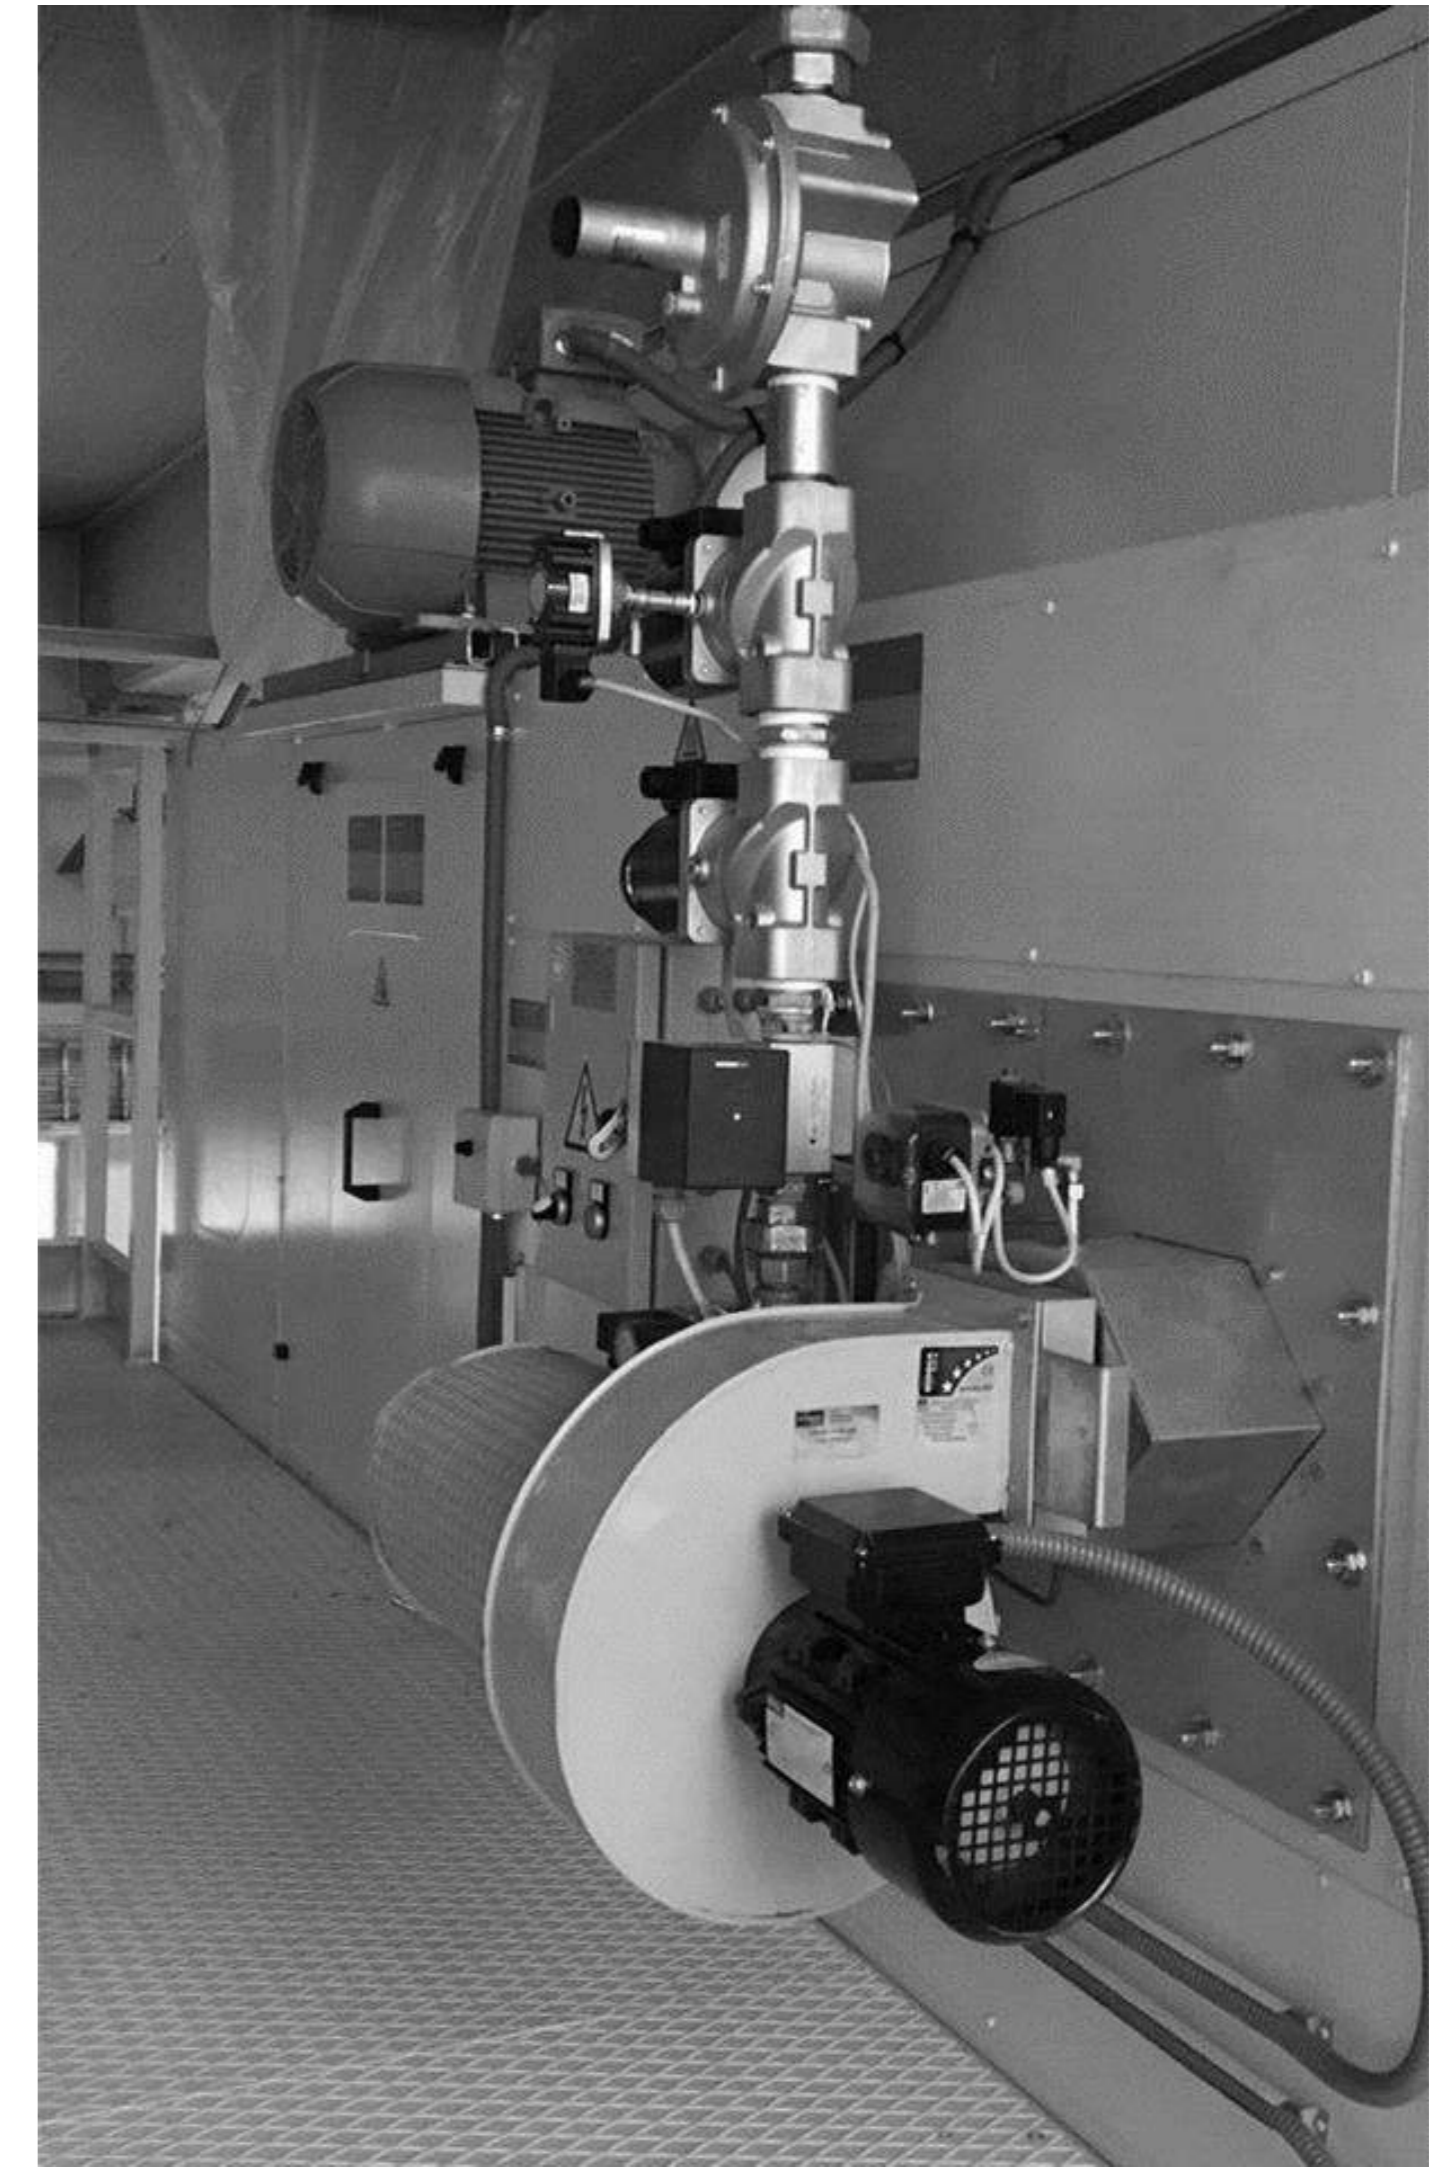

HEAT RECOVERY

Improve energy consumption by saving useful hot air and transferring it to incoming fresh air.

DIRECT FLAME BURNER

Maximize efficiency with a direct flame burner

EFFICIENCY

We have the **solution** to optimise your workflow and improve your painting installation performance.

- Less painting times
- Less sanding processes
- + More time saving
- + More energy savings
- + Better economy

TECHNOLOGY

Improve your coating line performance thanks to automation and data analysis

Customised digital solutions: control and connect your painting process.

Smart booth for remote connectivity with digital PLC.

Smartbooth[®]
technology

INNOVATION: MOBILE SOLUTIONS

paintTROTTER

Mobile Spray booth for the automotive sector or specific industrial applications

skyTROTTER

Mobile Spray booth for large industrial vehicles

QUALITY RULES

IN COLLABORATION WITH OUR PARTNERS

Quality Assurance Management according to ISO 9001 standards regarding the performance of design, manufacturing and assembly.

GUARANTEE

1 YEAR FOLLOWING UE REQUIREMENTS

+ EXTENSIBLE WITH MAINTENANCE SERVICES

AFTER SALES & COMMERCIAL SERVICES

In 5 Languages

360 Zolutions offers a comprehensive set of maintenance programs in order to avoid downtimes and mechanical failures originated from lack of/incorrect maintenance. The advantages of contracting a maintenance plan are several:

Increased durability: Keeping your paint facility in good condition will reduce the need for costly repairs and extend the life of your equipment.

Enhanced safety: Our technicians are trained to identify and correct any problems that may affect the safety of your employees and your products.

Improved performance: Regular maintenance ensures that your equipment runs optimally, allowing you to maximise productivity.

PREVENTIVE, CORRECTIVE & INTEGRAL MAINTENANCE

A comprehensive service guarantees total coverage of the installation, a combination of preventive maintenance to extend the useful life of your equipment and a corrective service for any minor or medium operating problems. Take care of your installation annually.
